

Introducing New Intake and After-Hours Arrangements for Child and Family Services

New arrangements for intake and emergency after-hours services are being introduced in all off-reserve areas in the Parkland region. This is part of the restructuring of the child and family services system in Manitoba through the Aboriginal Justice Inquiry - Child Welfare Initiative.

On September 20, 2004, Metis Child, Family and Community Services will be assuming responsibility for intake and emergency after-hours services in all off-reserve areas in the Parkland region.

If you live in the Parkland region (see map) and you need intake or emergency after-hours child and family services on or after this date, please call:

Metis Child, Family and Community Services
1-866-834-4242

Or call the province-wide intake and emergency after-hours child and family services telephone number: 1-866-345-9241.
